HOST PARTNERSHIP

HOST PARTNERSHIP PROPOSAL

Your club, on every screen in Starkville.

STARKVILLE ATHLETIC CLUB

PREPARED FOR JOE UNDERWOOD · STARKVILLE ATHLETIC CLUB

August 2026

TWO MISSISSIPPI FAMILY BUSINESSES

You have run this club since 1975.

We would rather build the Starkville network around a place that has been here fifty-one years than around whatever opens next. Here is what we are proposing — and none of it costs you anything.

01 · THE HARDWARE

Five screens, installed free

Front desk, cardio room, freestyle room, weight room, and the studio. We buy them, we mount them, we maintain them.

02 · THE BOARD

A live club board

Tribe Fit, Tribe Yoga, barre and every closure on the lobby screen — updating itself all day, including the hours nobody is at the desk.

03 · THE REACH

Your ad across town

Ten screens in other Starkville businesses running your club's ad, free, for as long as you host.

WHY FREE — we sell the other slots in the rotation to other local businesses, and your club makes the Starkville network worth more to them. You are not the customer for hosting. There is no catch and no fine print.

WHAT WE COULD OFFER THIS CLUB EIGHTEEN MONTHS AGO

Last time we called, all we could give you was one screen.

OUR PROPOSAL · MARCH 2025

YOUR HOST PACKAGE

1 host location (1 screen)

Your ad plays 8 times per hour at your location, and 4 times per hour on 10 additional locations. All at no cost to you.

ADD MORE LOCATIONS

+10 locations (20 screens)

Your price: **\$400** · Market price: \$500

OUR STATS

50+ screen network, growing to 100.
460K+ impressions over four weeks.

That was a fair offer at the time. It is not the offer any more.

	MARCH 2025	TODAY
Screens at your club	1	5
Free screens around town	10	10
The MCTV network	50+ screens	125+ screens
Network impressions	460K	1.9M+
Starkville	Not a market	25 venues, 31 screens
The lobby board	Did not exist	Running now
Category exclusivity	Not offered	In the contract

STRAIGHT ABOUT THE RATE — about \$20 a screen then, about the same now. Nothing has been discounted. What changed is how many screens there are to buy, and how many we will give you for nothing.

491K

Starkville alone now runs more in a month than our whole network did when we last wrote to you.

491,448 measured impressions a month in this town, against 460,000 across all fifty-odd screens in the March 2025 kit.

MEASURED MONTHLY THROUGH THE NTV360 DASHBOARD

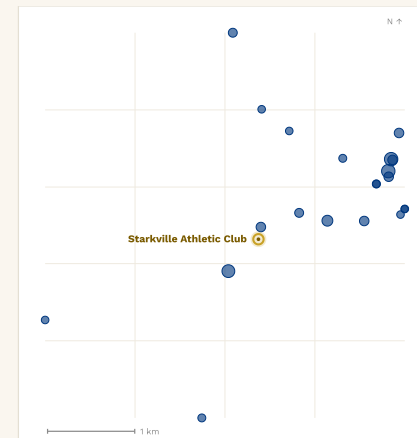

25 Starkville businesses, 31 screens.

Restaurants, clinics, pharmacies, salons and shops — the rooms where people in this town sit still.

Your ad would run on ten of them, free, for as long as you host. Your club sits in the middle of the map: these are the rooms your future members are already sitting in, several times a week, with time on their hands.

Every figure on this page is measured, not estimated — plays, venues, impressions and cost per thousand come off the same dashboard we would report to you every month, on the same terms we report to everyone paying for a screen.

NOBODY IS ON A GYM SCREEN HERE YET — a fitness partner changes what this network is worth to every other Starkville business on it. That is the trade.

The 21 Starkville venues we hold street addresses for, plotted where they actually sit. Dot size is measured monthly impressions.

Why this matters more in your club than anywhere else

- **Your desk is not staffed around the clock. Your members are here anyway.** They let themselves in on a key card early in the morning and late at night. The board is the only thing at that desk that can still answer them.
- **A printed sheet is wrong until somebody reprints it.** The board is wrong for about eight seconds.
- **Private bookings never show a name.** A corporate rental or a birthday party keeps its room and its time but reads simply as “Private Event.”
- **Holiday hours and a room down for maintenance** reach every member who walks in, the moment you post them.

CLASS NAMES ARE YOURS — the times above are a placeholder until you hand us the real schedule. The board runs on Starkville time and updates itself all day.

WHAT HOSTING COSTS YOU

Nothing. Here is how that works.

AD PLAYS PER MONTH

On your own walls

Your ad plays **eight times an hour** on all five of your screens — 14,400 plays a month in front of your own members, promoting personal training, class packages or guest passes.

On everybody else's

Four plays an hour on **ten screens in other Starkville businesses**, reaching people who have never walked into your club. That second piece alone is a \$350 a month package at our published rates.

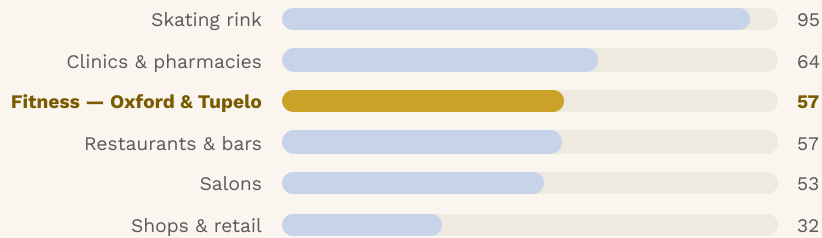

INCLUDED, AT NO CHARGE

- Hardware, mounting and maintenance on all five screens
- The lobby board, and your schedule loaded into it
- Ad creative designed by us and refreshed quarterly
- A monthly report — plays, venues, impressions, cost per thousand

Everything we make for you is **yours** — put it on social, your website, print, anywhere you want.

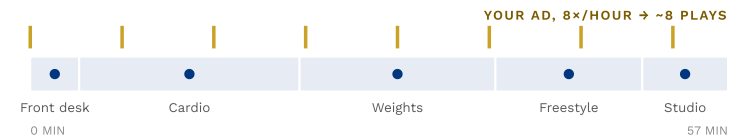

MEASURED MINUTES PER VISIT, BY VENUE TYPE

A gym is the strongest room on a network like this.

Averaged across our Starkville screens; the fitness figure is measured on our Oxford and Tupelo gyms. One skating rink holds people longer than a gym does — but nobody goes roller skating four times a week.

ONE MEMBER VISIT — 57 MINUTES

They walk the building for the better part of an hour and pass a screen in every room. **Your ad lands in front of the same person about eight times in one workout** — then again on Wednesday, and again on Friday.

DWELL AND FREQUENCY TOGETHER — that combination is what a gym has and nothing else on this list does. It is why your screens would outperform our network average, and exactly why we want you on it.

WHAT LANDS IN YOUR INBOX EVERY MONTH

You will not have to take our word for it.

Every host and every advertiser gets an Ad Traction Report, generated from the NTV360 dashboard rather than from US.

- **Performance by venue.** Every screen your ad ran on and what it delivered.
- **Performance by category.** Which kinds of rooms worked hardest this month.
- **Cost per thousand.** The number that lets you compare us against radio or print.
- **What it means.** A written read of the month.

IF A MONTH IS SOFT THE REPORT SAYS SO — and we move your spot to better rooms. That conversation is the point of sending it.

Illustrative figures drawn from live Starkville venue data. Your own report carries your screens, your months and your numbers.

There is not one gym on a Starkville screen.

Every fitness business on the MCTV network today is in Oxford or Tupelo. Not one is in Starkville.

We are opening a run of Starkville partnerships this fall, so that will not stay true forever. Category exclusivity is how you keep it that way: for as long as your agreement runs, MCTV will not put a competing gym, fitness studio, health club or personal training facility on any Starkville screen.

It goes in the contract. If we ever slip, we pull the competing ad within 24 hours and credit you for the time it ran.

WHERE THE LINE FALLS — the category covers gyms and training facilities. It does not cover supplement shops, med-spas or wellness clinics. Two of those are already host venues here and will keep running their own ads. We would rather say that now than have it surprise you later.

FROM THIS PROPOSAL TO ON-SCREEN IN TWO WEEKS

Let's put five screens in the Athletic Club.

1

We walk the club. You show us the space; we agree where the five screens and the lobby board go.

2

You sign the hosting agreement. One page of real terms, no cost, no obligation to buy advertising.

3

We install — usually within two weeks.

4

We build your content and load your real class schedule. You approve everything before it goes live.

5

You get a report every month — plays, venues, impressions and cost per thousand. No guessing whether it worked.
