

ADVERTISER PARTNERSHIP PROPOSAL

Your studio, in every room in Oxford.

HOTWORX OXFORD

YOU SAW ONE OF OUR SCREENS. HERE'S THE REST OF THE STORY.

Memberships are won by being seen again and again.

Joining a gym starts as a thought that needs repeating. HOTWORX competes for every Oxford resident who's been meaning to get back in shape — and that decision gets made in the weeks between the first thought and the first visit.

- Your future members are already sitting in front of MCTV screens — in the restaurants, salons, clinics, and waiting rooms of Oxford, with an average of 55+ minutes on their hands per visit.
- Fitness is a repetition sale. When Oxford keeps seeing HOTWORX everywhere it eats, shops, and waits, you're the studio they call the day they finally decide.
- You found us because you noticed a screen in a local business. That's the product working — and your members will notice you the exact same way.

SCREENS IN OXFORD

Restaurants, clinics, salons, retail, the airport — full-motion screens inside the businesses of **Oxford, Tupelo, and the Golden Triangle**. Oxford is the heart of it: 75 screens from the Square to Highway 6.

Your spot can't be skipped, muted, or scrolled past. It plays in rooms where people wait with time on their hands — 1,500+ plays per screen every month.

An MCTV screen in the wild — host venue, Oxford Square.

FULL-MOTION, SILENT, UNSKIPPABLE

Your studio, on a loop, all day, every day.

- **:15 full-motion spot, produced by MCTV.** We design the creative — or run the polished campaign graphics HOTWORX corporate already hands you. You approve before anything airs.
- **Designed to be read, not heard.** Screens run silent, so the message is built into bold on-screen text — it works in a waiting room the way a billboard works on a highway.
- **Every 15 minutes, on every screen you buy.** A guaranteed rotation, 1,500+ plays per screen per month — not an algorithm deciding who sees you.
- **Category exclusivity available.** Lock competing fitness studios out of the screens you sponsor.

Captive-audience placement — an average of 55+ minutes of dwell time per visit.

REAL SCREENS, REAL VENUES, PHOTOGRAPHED IN MARKET

The network, in the wild.

Wall-mounted 1080p displays inside the businesses people already visit — fuel stops, parks, bars, waiting rooms, salons, and shops. Your spot rides every one of them.

THREE SPOTS, THREE REASONS TO JOIN

What we'd put on screen for you.

SPOT 01 · THE CATEGORY

"Oxford's 24-hour infrared studio."

Most of Oxford still doesn't know what an infrared workout is. This spot plants the flag: 3D training, 15–30 minute sessions, open around the clock — a workout that fits any schedule.

SPOT 02 · THE SEASONS

"Sweat now. Glow later."

Your corporate campaigns — Summer Body Series, New Year's resolutions, the Burn Off app — swapped quarterly so the studio stays top-of-mind at every fitness moment of the year.

SPOT 03 · THE INVITATION

"Bring a friend, bring the heat."

Trial sessions and buddy passes for the audience that's been thinking about it — a clear, low-commitment first step, repeated 1,500+ times a month on every screen you sponsor.

EVERY SPOT ENDS THE SAME WAY — your logo, your offer, and your booking line, held on screen for a full three seconds — long enough to read, remember, and act on. Shown right: the closing frame, simulated — final creative uses HOTWORX brand assets.
