THE OPPORTUNITY

Oxford's dining scene is thriving, but standing out takes more than a great menu. Southern Table Kitchen & Bar has the food and the atmosphere. Now it is time to put your brand in front of the thousands of local consumers who visit MCTV venues every single day.

- **Captive Dining Audiences**

Your ad plays in barbershops, gyms, and medical offices where customers sit for 55+ minutes on average. That is 55 minutes of repeated exposure to your brand and daily specials.

- **Peak Hour Targeting**

MCTV screens run 12 hours a day, hitting the lunch and dinner crowds exactly when they are deciding where to eat. Your ad plays 4 times per hour on every screen in your package.

- **Community Credibility**

Appearing on screens across Oxford builds trust and familiarity. When locals see your brand everywhere they go, Southern Table becomes the obvious choice for their next meal out.

WHY MCTV

Unskippable Impressions

Unlike social media ads that get scrolled past or TV spots that get muted, MCTV ads play on screens in captive environments. Customers cannot skip, block, or ignore your message.

Hyper-Local Reach

Every screen is in a local business within your community. Your ad appears alongside the trusted venues your customers already frequent, building credibility by association.

Unbeatable Value

At a CPM of \$1-3, MCTV delivers more impressions per dollar than radio, print, cable TV, or outdoor billboards. Your advertising budget works harder and reaches farther.
