

CONCEPT SHEET · HOST PARTNERSHIP

Five screens, a lobby board, and no invoice.

You have run this club since 1975. We are a family business too, and we would rather build the Starkville side of our network around a place that has been here fifty-one years than around whatever opens next. Here is what we would like to show you Wednesday.

01 A live schedule board in your lobby

Think of the departures board at an airport. Your classes, your rooms, what is on now and what is next — on a screen in the lobby, on Starkville time, current at whatever hour somebody walks in. You post a change once and every member who comes through the door sees it. We built it and we run it; it is live now at the Oxford Conference Center.

02 Five screens in the club, at no cost to you

Hardware, installation, the ad we build for you, and the day-to-day management. All of it ours. Your own spot runs eight times an hour on your own screens. No bill, no setup fee, and thirty days' notice ends it either way — if you ever want them gone, we take them out at our cost.

03 Ten more screens around Starkville, also free

Your ad also runs on ten screens in other Starkville businesses — restaurants, the coffee bar, the skating rink, the pharmacy. Rooms where people sit still. Between those and your own five, that is roughly 28,800 plays a month, at no cost, for as long as you host us.

NOTHING TO PREPARE

No homework in this. If your class schedule is handy, bring it — loading your real one into the board beats describing it. Otherwise just show us the building.
